Apparel, Textiles and Linens

Aprons

Bariatric Gowns/Exam gown

- Made with a paper-like absorbent material that feels soft against the skin
- Ties at waist and neck for a secure fit

Blankets, Emergency

- Disposable blanket is ideal for emergency use
- Low cost and convenient
- Single-patient use
- 100% Needle punched polyester

Blankets, Stretcher

- Polyester
- Single use

Boots, Coverage

- The Halyard Health Footwear product line features innovative fabrics and styling to deliver the right amount of protection for the task.
- The HI GUARD Full Coverage Boot, available in Regular and Ultra, covers the shoe and lower leg.
- Each features a plastic film coating, traction slips, elastic at the ankle and ultra-sonically bonded seams.

Bouffant Caps

- This assortment of headwear is an economical choice covering all basic needs.
- Surgical headwear Basic is available in a wide range of colors and sizes.
- It protects patients from microorganisms.

Capes, Exam

- Give your patients the privacy they deserve in our Disposable Exam Cape.
- Constructed with a tissue/poly/tissue material.

Caps, Bouffant

- This assortment of headwear is an economical choice covering all basic needs.
- Surgical headwear Basic is available in a wide range of colors and sizes.

Crepe Sheets

- Fit a variety of table styles and preferences.
- Ideal for massage therapy.

Covers, Shoe

- Made of durable, spunbonded polypropylene that is fluid-resistant
- Elastic tops help ensure a snug fit
- Cool and comfortable to wear
- Single use

Coats, Lab

- Made with protective multi-layer non-woven material that is fluid-resistant, breathable and comfortable.
- Traditional collar, knit cuffs, snap front
- Available in white or blue
- Single use

Coveralls

- Made of spunbonded polypropylene
- Fluid resistant

- Generously cut and styled for maximum comfort and mobility
- Nylon zipper front
- Single use

Drape Sheets

- Soft, opaque drape sheets have a pebble-embossed pattern for added strength and enhanced appearance.
- Ideal for physician's offices, clinics, industrial healthcare centers, surgery centers, X-ray labs and hospital outpatient and emergency rooms.

Exam Gowns

- Give your patients the privacy they deserve.

Exam Shorts, Patient

- Disposable Exam Shorts are available in three layer multi-layer material for comfort and fluid resistance.
- Elastic waist provides a snug fit.

Fluid-Resistant Gowns

- Made of a multi-layer non-woven material
- Long sleeves with elastic cuffs that fit snugly under gloves
- Neck and waist ties offer individual size adjustment
- Single use

Gowns, Isolation

- Provide barrier protection based on AAMI guidelines
- Help to reduce the risk of contamination and transmission of infectious organisms.

Gowns, Pediatric

- Our 100% polyester comfort-knit fabric is our most durable and can withstand harsher processing than brushed polyester.
- The unique laundry-friendly pique knit locks fibers down, providing an unmatched combination of softness and durability.
- Deluxe-cut gowns feature self-material back and neck ties.

Gowns, Procedure

- Gowns are tested against the top chemotherapy drugs
- Made from breathable material
- Styled with a hook-and-loop neck closure, knit cuffs and waist ties.
- Full back

Gowns, Surgical

- SMS fabric for barrier protection
- Book fold
- Adjustable hook and loop neckline
- Sterile

Pillowcases

- Comfort and durability in one affordable package.

- Percale & Muslin for reusable, Tissue/poly for disposable.

Slippers

- Provide patient comfort and are easy to slip on and off.
- The interior terrycloth provides warmth while absorbing perspiration from the foot.
- Bariatric size provides extra stretch in the cuff and body for added comfort.

Washcloths

- Strong, absorbent for surface cleaning

- Soft enough to handle personal cleaning

Scrubs suit

- Scrub shirts & scrub pants
- Made from breathable, fluid resistant multi-layer material
- Disposable

Diagnostic Instruments and Supplies

Blood Pressure Monitors

- Revolutionary design and proprietary programming provide automatic inflation and error detection
- Customized inflation levels for each individual patient
- Color gauge for quick detection
- Provides quick digital readings of systolic / diastolic pressure and pulse rate
- Easy-to-use one-push button design

Blood Glucose Test Strips

- Easy to use
- Small, one microliter blood sample

Cannula, Endometrial

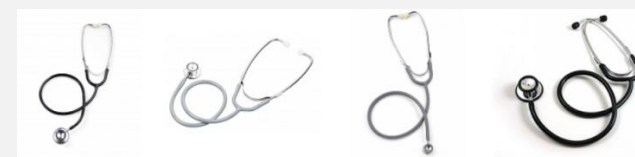

- Used to remove samples from the uterus and mucosal lining of the uterus by scraping or vacuum suction.
- Obtain tissue samples for the purpose of biopsy, pre-cancer screening or menstrual extraction.

Cuffs and Bladders, Blood Pressure

- PVC tubing and bladder
- Nylon rangefinder cuff for quick, convenient patient fitting
- No-stop pin action for visual calibration check and added accuracy
- Carrying case included
- Not made with natural rubber latex

Dual-Head Stethoscopes

- Non-chill bell ring for a patient comfort
- Different style for Infant, Pediatric and Nurse...

Digital Thermometers

- Fast and accurate results
 - With the press of a button, you can get an easy-to-read temperature
 - One-piece snap case for greater convenience.
-
- Rectal stick thermometer with large LCD screen display
 - Fast and accurate results
 - With the press of a button, you can get an easy-to-read temperature
 - One-piece snap case for greater convenience.

Ear Specula

- Economical and convenient
- Made from non-toxic plastic

Fetal Monitors

Gel, Ultrasound

- Water soluble
- Non-greasy

Finger Pulse Oximeters

- Non-invasive spot-check measurement of functional blood oxygen saturation and pulse rate
- Suitable for pediatric to adult use
- Multi-angle display modes clearly show SpO2 and pulse rate readings
- Adjustable brightness
- Easy-to-use
- Automatic power off

Jelly, Lubricating

- Sterile, greaseless, water-soluble jelly
- Ideal for lubrication of gloves and instruments
- Easily spreads over rubber, synthetic or metal surfaces
- Forms a translucent film that adheres well, yet washes away easily
- Various sizes

Lancets

- Simple and safe for both the healthcare professional and the patient
- Needle retracts automatically and locks out for extra safety, protecting against needlestick injuries, and it also helps prevent cross-contamination
- Three styles available: Pressure-Activated, Push Button, Side Button

Monitors, Vital Signs

- Vital Signs Monitor/Meter provides essential measurement of patient's vital signs
- Available with either ear or oral temperature options
- Suitable for adult, pediatric, and neonatal patients
- High resolution LED screen
- Lightweight, portable design
- User-friendly interface
- Real-time measurements and trend display
- Auto/Manual/Continuous/Average BP modes

Pulse Oximeters

- Handheld Pulse Oximeter
- Convenient and portable
- Ideal for spot checks or continuous monitoring in virtually any setting

Specula, Vaginal

- High-strength, clear non-toxic plastic
- Single use helps to reduce the risk of cross-contamination
- Self-holding in various positions
- Easily adjusts with one hand

Probe Covers, Ultrasound

- Latex or latex-free
- Sterile or non-sterile

Durable Medical Equipment

Canes

- Designed for patients who need additional assistance with balance.
- The foam grip provides a comfortable secure grip.

Crutches

- Patented design for greater strength and torsional rigidity
- Completely assembled with accessories; saves labor and adds convenience to storage and issuance
- Fitting chart enclosed with each pair of crutches

Folding Walkers

- Steel cross brace
- Each side folds independently to allow easy movement through narrow spaces

Wheelchairs

- Have higher weight capacities to accommodate larger patients.
- Available in varying sizes with different weight capacities and arm and leg configurations.

Housekeeping

Bags, Infectious Waste

- Low density polyethylene bag provides maximum strength for lifting heavy waste from the OR
- Red bags have the biohazard print on the outside

Bags, Linen

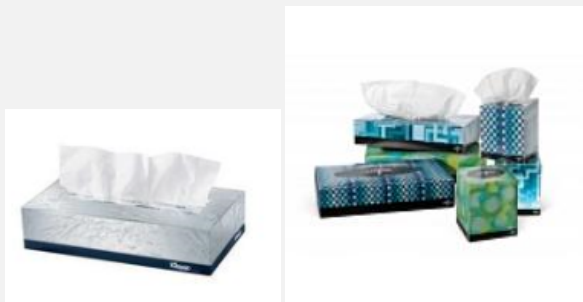

- Available in multiple sizes and thicknesses to serve all your needs
- Linen liners printed with "Soiled Linen" in English
- Also available in blue with no print or white with no print

Dry Wipes

- Strong, absorbent for surface cleaning
- Soft enough to handle personal cleaning
- Sanitary replacement for reusable washcloths

Facial Tissues

- Standard 2-Ply Facial Tissues are made from recycled paper
- An economical choice for your facilities
- Available in different box sizes to meet all needs

Paper Towels

- Multi-Fold Paper Towels or Centerpull Paper Towels
- Soft

Toilet Paper

- These paper products are made from 100% renewable sources; made with grass, sugar cane and bamboo.
- Soft and durable

Wipes, Personal Care

- Pre-moistened
- Comfort and strength
- Single hand dispensing helps to reduce cross contamination
- Alcohol free

Infection Prevention

Alcohol Prep Pads

- Saturated with 70~75% Isopropyl Alcohol
- Different fabric options (Spunlace non-woven, needle punch non-woven or laminated fabric...)
- For topical cleansing prior to injection prep or venipuncture
- Non-sterile & Gamma sterilized

Antimicrobial Skin Cleansers

- Not leave your hands dry, cracked or irritated, even with frequent washing
- Contains Chlorhexidine Gluconate with isopropyl alcohol in a non-alkaline base
- With persistent Antimicrobial action

Antiseptic Towelettes

- Benzalkonium chloride is a non-toxic and non-irritating antiseptic
- For handwashing to decrease bacteria on the skin
- For Professional and Hospital Use only
- Disposable, single use
- Latex free

BZK Towelettes

- Benzalkonium chloride is a non-toxic and non-irritating antiseptic
- For handwashing to decrease bacteria on the skin
- For Professional and Hospital Use only
- Disposable, single use
- Latex free

Cone Face Masks

- The cone-shaped mask enables easy donning and is held away from the nose and mouth for comfort and protection.
- A malleable nosepiece allows a custom fit.
- Designed with comfortable, rounded edges.

CSR Wrap

- Soft and drapable
- Excellent barrier with superior water repellency
- Naturally low linting, it helps maintain the integrity of the sterile packs and the surface is friendly to sterilization tape.
- Use the heavyweight wraps for heavy instrument sets and multiple basin sets

EO Indicators

- Designed to seal packs and provide visual evidence that packs have been exposed to the EO sterilization process. Indicator tapes (Class 1 process indicators) are used for exposure control monitoring which assures the operator handling the processed items that the pack has been exposed to the sterilization process without the need to open the pack or check load control records. Tape dispensers are available for easy dispensing of indicator tapes.

Exam Gloves, Nitrile

- An excellent alternative to latex
- Dependable strength and chemical resistance
- Tested for use with chemotherapy drugs
- Not made with natural rubber latex

Exam Gloves, Vinyl

- An advanced formulation stretch vinyl that conforms to the hands for excellent sensitivity when touch is critical.
- Easy to put on and take off.
- Tapered at the cuff to minimize cuff roll down
- Non-sterile / Powder-Free / Latex-Free

Face Masks

- Single use
- Disposable
- Elastic Earloop or Tie on

Face Shields

- Disposable, anti-fog, optically clear polyester
- Elastic headband with foam

Gloves, Latex Exam/Gloves, Latex Exam

Sterile

- These strong, durable, natural rubber latex gloves provide superior barrier protection and are powder-free to minimize skin irritation.
- The fully textured surface gives you a sure grip on instruments and dressings.
- Non-Sterile or Sterile

Gloves, Latex Surgical

- Sterilization: Gamma radiation
- Anti-slip, smooth finish
- Single use only

Hand Wipes

- Antimicrobial gel rub enhanced by the friction of the wipe delivery system are proven to remove soil and kill 99.99% of microorganisms

- Cleans and sanitizes hands when soap and water are not available
- Clinically proven to hydrate the skin after repeated use
- Fragrance free and dye free
- Contains moisturizing aloe, glycerin and Vitamin E
- Convenient quick-pull canister
- Individual packets ideal for meal trays

Indicator Tape, Sterilization

- For use in securing wrapped surgical trays before, during and after sterilization
- Individually packaged to ensure quality at time of use

Instant Hand Sanitizers

- An essential germ-killing aid to your employees when soap and water are not readily available
- Contains ethyl alcohol and moisturizers to clean hands as it kills most common germs
- Aloe Vera and Vitamin E to soothe the skin

Iodine Scrub

- All of our scrubs are antimicrobial solutions with surfactants, and contain 7.5% weight by volume Povidone Iodine, USP solution equivalent to 0.75% available iodine.
- Effective for skin and mucous membrane preparation prior to surgical procedures.
- Each is effective as a surgical scrub or first aid antiseptic.

Masks, Pediatric

- Pleat-Style with earloops
- PFE ≥ 97%, BFE ≥ 96%

Pouches, Sterilization

- Self-sealing closure, and process indicators printed inside and out.
- Suitable for table-top sterilizers.
- Available in a variety of sizes and styles.

Steam Sterilization Indicators

- Measure the time, temperature and presence of steam in steam sterilizers.
- Distinctive color change.
- Plastic laminated.

Vinyl Exam Gloves

- An advanced formulation stretch vinyl that conforms to the hands for excellent sensitivity when touch is critical.
- Easy to put on and take off.
- Tapered at the cuff to minimize cuff roll down
- Non-sterile / Powder-Free / Latex-Free

Wipes, Surface Disinfection

- Quaternary, alcohol-free formula ideal for the disinfection of sensitive hard, non-porous surfaces and equipment.
- Bactericidal, Fungicidal and Virucidal
- Germicidal Disposable Wipes kill HBV, Influenza A/Hong Kong, Acinetobacter, Aspergillus niger and Trichophyton mentagrophytes plus over 100 microorganisms in 10 minutes.
- Diamond-embossed wipe material is thick and strong.
- Unique deep well lid on canister seals securely to prevent moisture loss.

Labs

Applicators, Cotton/Nylon/Rayon Tipped

- Wood shaft or plastic
- Single use
- Disposable / or Used for gynecologic preparation and examination

Bags, Specimen Transport

- Available with or without Score Line

- Each bag is printed with the biohazard symbol and offers checkmark boxes to indicate special handling instructions
- Polyethylene

Blood Collection Tubes

- Designed for ease of use and help to ensure that a quality capillary blood sample is collected.

Containers, Specimen

- Include patient label or not
- Sterile or non-sterile
- Single patient use

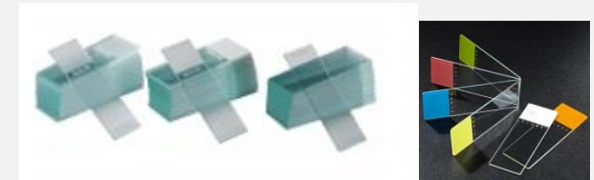

Cover Glass, Microscope

- Each flip top box contains a desiccant; vacuum-sealed
- Clear
- Precleaned

Microscope Slides and Cover Glass

- ✧ Microscope Slides

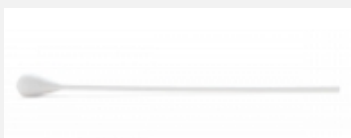

- Produced from premium glass sheets
- Packaged in boxes of 72 each
- Moisture absorbent sheet in each box to prevent sticking
- Pre-cleaned and ready to use
- Ground 90 degree edges

✧ Microscope Cover Glass

- Each flip top box contains a desiccant; vacuum-sealed
- Clear
- Pre-cleaned

OB/GYN Applicators

- Ruler on the packaging helps measure length of wound
- Used for gynecologic preparation and examination
- Sterile or Non-sterile

Pipettes

- Transfer Pipets
- Low-density polyethylene
- Available as Non-sterile, Narrow Stem, Bellows, Extra Long and Wide Bore

Urine Specimen Containers

- Amber with white, screw-on, leak-resistant lid
- Single use
- Polypropylene/polyethylene

Needles, Syringes and IV Therapy

Access Devices, Blood Collection

- Sterile device, designed for more secure and safer specimen sampling.
- Provides the security of a threaded
- Color coded to differentiate it from other holder-based products

Administration Sets, IV

- Available in various configurations
- Needle-free
- Latex free
- DEHP free

Allergy Trays

- Syringes with needles offer maximum patient comfort delivered through ultimate sharpness and smoothness
- Clear syringe barrel
- Sterile

Blood Collection Needles

- Easier, safer blood collection for the healthcare worker, with no compromise to patient care.
- Intended for blood collection and short-term infusion.
- Blood flashback is seen clearly through the translucent body.
- Latex free
- DEHP free

Blood Collection Sets

- Offers split-second protection for that single moment that could potentially change your life.
- The push-button safety mechanism instantly helps protect you against needlestick injury.

Cannula, Vial Access

- Sterile
- Plastic cannula specifically designed to access rubber stopper medication vials.
- It protects patients from microorganisms.

Catheters, IV

- With the push of a button, the needle instantly retracts, helping to reduce the risk of accidental needle stick injuries.
- Increases the ease of penetration
- Reduces the risks of infiltration
- Exhibits greater kink resistance
- Reduces IV restarts due to reduced complications
- Increases indwelling time
- Reduces the total IV therapy costs to use due to longer indwelling times
- Notched needle technology provides rapid visualization of blood return along the catheter shaft; an excellent choice for fragile vessels or vessels that have lost venous tone:
- Ideal for neonates or geriatrics

Flush Syringes, Prefill

IV Start Kits

- IV start kits mean quicker, smoother procedures
- Components are assembled, sterilized and packaged to save valuable nursing time
- With fewer packages to open, this helps reduce the risk of contamination and there is less waste

Irrigation Syringes

- Syringe features a soft, pliable bulb for maximum control of drawn or expelled volume.
- Easy to grip and use with only one hand, the control-bulb is designed to stand on end, making it excellent for use in clinical settings.
- Sterile or non-sterile

Needles & Syringes, Hypodermic

- Syringe with needle
- Available in various ML sizes

New Pentastar Medical Co., Ltd.

Needles, Safety

- Advanced features ensure safety for nurses and patients.

Syringe Trays

- The syringe features a soft, pliable bulb for maximum control of drawn or expelled volume.
- Easy to grip and use with only one hand, the Control-Bulb is designed to stand on end, making it excellent for use in clinical settings.
- Sterile.

E-mail: info@pentastarmed.com

Syringes, Irrigation

- Contro-piston syringe offers uninterrupted action in a single-hand technique
- Disposable syringe with thumb ring is designed to minimize hand slippage and subsequent contamination of barrel or solution container
- The barrel features raised, large and easy-to-read graduations, which are calibrated in oz and cc
- The elongated tip has an extra-large orifice for better removal of clots and mucous shreds
- Sterile & Non-sterile packing
- Choose between 60 cc catheter tip Piston syringe and 70 cc Toomey syringe with catheter tip adapter

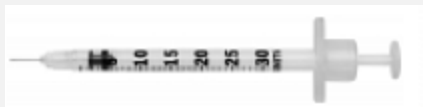

www.pentastarmed.com

Syringes, Allergy

- Syringes with needle

Syringes, Insulin

- Simply remove a new syringe from the bottom of the container.
- Syringes with needles offer maximum patient comfort delivered through ultimate sharpness and smoothness
- Low Dead Space design
- Sterile

Tourniquets

- Individually rolled and banded
- Latex or non-latex

Orthopedics

Ankle Supports

- Made of a four-way stretch, 1/8" neoprene that gives uniform compression,
- Provides warmth and compression,
- Open heel and toe construction for comfort inside a shoe,
- Fits right or left ankle.

Anti-Embolism Sleeves/Stockings

- Nylon/spandex
- Graduated compression
- Formed heel pocket
- No-bind, stay-up top
- Inspection toe hole
- Two Style: Knee-Length Style & Thigh-Length Style

Bandages, Triangular

- A basic first aid item which can be used as both a bandage and a sling
- Two safety pins included
- Individually packaged
- Non-sterile

Bias-Cut Stockinette

- Used as a general utility item (i.e., for under-cast padding, light compression, wound dressing, etc.).
- A rolled single layer of fabric (not hollow like a sleeve).
- Rib knitting for excellent stretch and recovery.
- Rolls come in a dispenser box.

- Made of 100% unbleached cotton.
- Non-sterile.
- Available in sizes 3" x 50 yd. (7.6 cm x 45.7 m); 4" x 50 yd. (10.2 cm x 45.7 m); 6" x 50 yd. (15.2 cm x 45.7 m).

Braces, Knee

- Mild sprains or strains
- Preventative support for athletes
- Swelling or fluid retention
- Neoprene pull-over design

Cast Padding

- Polyester padding provides protection and patient comfort, while helping reduce water retention for a drier cast
- Strong and durable padding is easy to tear
- Conforms easily to body contours
- Porous to allow the skin to breathe
- Sterile & non-sterile
- Single use

Casting Tape

- Water-activated resin lets you control working time according to application needs
- High and early strength allows for weight bearing in 20 minutes and provides a durable cast with less chance of breakdown and the need for costly repairs or replacements.
- Lightweight for easy mobility.
- Stretches to conform well to contours for a more comfortable, better fitting cast.
- Porous weave allows the skin to breathe.

Containers, Sharps

- Puncture Resistant
- Strong polypropylene containers meet or exceed industry standards
- Autoclave/Incinerator Safe
- When burned properly, containers emit only carbon dioxide and water

Impervious Stockinette

- Textured polyester knit liner with impervious tube made of elastomeric film
- Precut in convenient sizes, sewn, rolled, and packaged in CSR wrap
- Sterile
- Single use

Shoes, Post-Op

- Post-op shoe offers protection and support during recovery.
- Available in different style, rigid or semi-rigid, etc...

Tubular, Stockinette

- Tubular Cast Stockinettes are used as a general utility item (i.e., for under-cast padding, light compression, wound dressing, etc.). Rib knitting for excellent stretch and recovery.
- Off-white color helps reduce glare. Hand rolled for ease of delivery.
- Rolls come in a dispenser box.
- Non-sterile.
- Available in unbleached fabric.

Personal Care

Baby Lotion

- Gentle formula ideal for delicate skin
- Helps to keep baby's skin soft and smooth
- Light baby fresh scent
- Great for babies and adult

Baby Wipes

- Standard weight, durable wet wipes with a touch of soothing aloe are ideal for everyday clean-ups and incontinence care
- The PH-balanced, hypoallergenic and alcohol-free wipes provide exceptional skin care
- Single patient use wipes help to reduce the risk of cross contamination
- Do not flush wipes in the toilet

Bags, Emesis

- These sickness bags can be tied off at the ring to reduce contamination and smell
- Graduated markings to measure oz. and cc/ml
- Single use
- Not made with natural rubber latex
- Dispenser available

Bags, Ice

- ✧ Disposable Ice Pack With Ties
 - Ready to fill
 - Designed for ease of use
 - Wide mouth for easy loading
 - Soft, extra-long ties assist in securing ice pack to body
 - Advanced moisture-wicking cover
 - Removable inner bladder. Double-locking closure on bladder ensures a liquid-tight seal.
 - Opens easily for re-filling. Will not open unexpectedly from internal pressure.

- Durable bags hold patients' personal belongings
- Plastic bags have drawstring closures
- ✧ Rigid Handle

- Durable bags hold patients' personal belongings
- Ample room to display patient name and room number
- Plastic bags have rigid handles

- ✧ Patch Handle

- Durable bags hold patients' personal belongings
- Ample room to display patient name and room number
- Plastic bags have patch handles

Bags, Zip Closure

- Clear polyethylene
- Reclosable bags are ideal for clean and convenient storage
- Available in a variety of sizes

Bags, Patient

- ✧ Drawstring Closure

Basin, Ear

- One piece universal basin
- Specially molded to fit under the patient's ear.
- Autoclavable
- Lightweight

Basin, Emesis

- Polypropylene
- Rounded edges and flexible design facilitate handling and use
- Ideal for containing fluids, measuring output, and routine oral care
- Single patient use

Basins, Wash

- Polypropylene
- Ideal for everyday use
- Available in various quart sizes and colors
- Single patient use

Bedpans

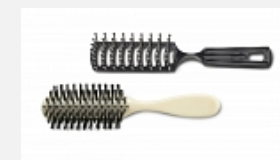

- Polypropylene
- Provides comfort, convenience, and fits standard commodes/toilets
- To maximize storage options, units nest nicely together
- Single patient use

Blades, Tongue

- High quality wood
- Useful for spreading ointments and for stirring and mixing medications

Brush, Hair

- Brush with handle

Caps, Shower

- Single-use disposable shower caps with a clear elastic band
- One size fits most
- Not made with natural rubber latex

Cold Packs

- Cold pack activates instantly
- Fold to activate

Cold/Hot Therapy

- Reusable
- Disposable
- Waterproof cold/hot pack

Combs

- ✧ Combs
 - Firm, flexible teeth have both wide and narrow spacing
- ✧ Large Handle Combs
 - Large-Tooth Comb with handle
 - Designed especially for thick hair

Cream, Shaving

- Non-irritating formula helps provide a comfortable, close shave
- Citrus scent

Cups, Denture

- Ideal for bedside storage
- Clear plastic lid allows for easy identification of the container contents
- Lid imprinted for labeling with Contents, patients name, room number and date

Cups, Medicine

- Graduated
- Polypropylene
- Single patient use

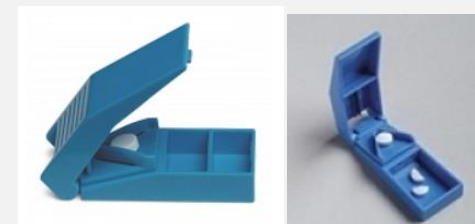

New Pentastar Medical Co., Ltd.

Curettes, Ear

- Use for removing cerumen from the ear canal
- Polypropylene
- Non-Sterile
- Single use only

Cutter, Pill

- Divides a pill exactly in two with minimal effort
- Individually boxed
- Not made with natural rubber latex

Diapers, Adult

- Helps skin stay drier
- The dryness layer pulls fluid away from the body to help protect skin from wetness
- Soft polyethylene back cover protects clothing from leakage

E-mail: info@pentastarmed.com

www.pentastarmed.com

Heel Warmers

- Unique, patented gelling technology
- Easy to activate and gels instantly with no manipulation or shaking
- Features and adhesive strip to hold the warmer in place while the gel conforms exactly to the infant's foot
- Single use
- Disposable

Instant Hot Packs

- Lower target temperature (110 degrees F/43.3 degrees C) is ideal for use on delicate skin and patients with poor circulation
- Gel-like material provides consistent warmth throughout the pack to help reduce likelihood of burns

Irrigation Trays

- Offers uninterrupted action in a single-hand technique.
- Minimize hand slippage and prevent contamination.
- The barrel features raised, large and easy-to-read graduations, which are calibrated in oz and cc.

Pins, Safety

- Durable, nickel-plated steel resists rust and stays sharp
- Sterile or non-sterile

Razors

- Single or double blades
- Single or double edged
- Fixed head
- Disposable

Safety Belt, Wheelchair

- Belt helps patients remain upright in the chair
- Encircles the patient and crosses in back
- One size fits all
- Washable nylon
- Non-sterile

Skin Care Lotions

- A fast absorbing moisturizer to provide quick relief with a clean, fresh scent.
- Thicker viscosity-no thin, watery runoff.
- Rich in emollients to help keep skin smooth.
- Non-greasy formula.
- No dyes-less irritating to skin.

Suture Removal Kits

- Sterile
- Single use

Table Paper

- Strong, absorbent table paper protects exam tables from dirt and moisture while offering comfort and protection for patients.
- All rolls are mechanically metered for exact length.

Towelettes, Obstetrical

- Cleanser/ Deodorant
- For personal hygiene at every napkin change and whenever cleansing/refreshing is needed
- Single use

New Pentastar Medical Co., Ltd.

Tracheostomy Trays

- Sterile
- Single use

Trays, Urethral Catheter

- Intermittent/urethral catheterization trays include a graduated collection basin, urethral catheter, moisture-proof underpad, fenestrated drape and specimen container with ID label
- A variety of trays are available with different components

E-mail: info@pentastarmed.com

Underwear

- Pulls on and off like regular underwear
- Equipped with a comfort stretch waist for the perfect fit
- Made of a soft, cloth-like breathable material

Underpads

- Heavy absorbency
- Contains super absorbent polymer
- Soft, non-woven topsheet
- Fluff filler

www.pentastarmed.com

Underpads, Reusable

- Designed with a good combination of durability and economy.
- Lighter weight cotton / poly durable twill face fabric offers stain resistance and high heat resistance during drying.
- The total weight of the pad is lower than many other styles, resulting in lower processing costs.

Urinary Drain Bags

- Durable construction for odor containment and leak resistance
- Anti-reflux/flutter valve
- Design allows for even filling and draining
- Equipped with handle/hanger
- Individually packaged
- Single use and disposable.

Urinary leg Bags

- Urinary leg bag with adjustable straps
- Durable construction for odor containment and leak resistance
- Anti-reflux/flutter valve
- Easy-to-use drain valve for drip-free closure after draining
- Universal-tiered connector fits indwelling or external catheters and tubing
- Individually packaged
- Single use and disposable.

Wash-Up Towelettes

- Towelette cleans and refreshes hands and face without soap or water
- Non-toxic and non-irritating antiseptic
- Individually packaged
- Gentle enough to use everyday
- Latex-free

Zip lock bag

- Clear polyethylene
- Reclosable bags are ideal for clean and convenient storage
- Available in a variety of sizes

Wipes, Personal Care

- Pre-moistened
- Comfort and strength
- Single hand dispensing helps to reduce cross contamination
- Alcohol free

Respiratory, Anesthesia & Urological

Aerosol Masks

- Lightweight aerosol masks are made of soft, comfortable vinyl
- Available in various configurations
- Not made with natural rubber latex

Airways, Berman

- Slotted sides permit passage of suction catheters without obstructing the air passage.
- Holes through the center of the curve allow for additional air passage.
- Triple-purpose airway serves as a bite block and tongue depressor to avoid crimping and protect teeth.
- Automatically curves to the contour of the pharynx
- Disposable for single-patient use
- Center passage as well as slotted sides
- Flat surface for patient comfort

Airways, Guedel

- The center passage permits suction catheters to clear secretions from the back of the throat.
- Color-coded for easy size identification
- Smooth rounded tip reduces trauma
- Individually packaged to ensure cleanliness
- Disposable for single patient use
- Serves multiple purposes as a bite block and tongue depressor to avoid crimping and protect teeth

Airways, Laryngeal Mask

- Conforms to the contours of the hypopharynx for exceptional fit, allowing rapid, blind insertion.
- Semi-rigid, yet flexible tube enables you to detect blood, secretions and regurgitated gastric contents.
- Offers easy access for a fiberscope, suction catheter or tracheal tube.
- Available in different sizes for children and adults.

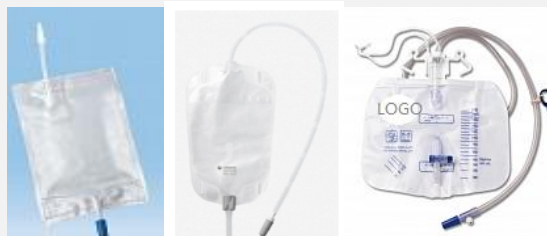

Anesthesia Face Masks

- Soft inflatable cushion conforms to the patient's anatomical contour
- Cushion inflation can be adjusted for clinical preference
- Clear face piece allows visual observation of patient status
- The hooks are color coded to provide mask size identification

Bags, Urinary

✧ Urinary Drainage Bag

- Durable construction for odor containment and leak resistance
 - Anti-reflux/flutter valve
 - Design allows for even filling and draining
 - Equipped with handle/hanger
 - Individually packaged
 - Single use and disposable.
- ✧ Urinary Leg Bag

- Urinary leg bag with adjustable straps
- Durable construction for odor containment and leak resistance
- Anti-reflux/flutter valve
- Easy-to-use drain valve for drip-free closure after draining
- Universal-tiered connector fits indwelling or external catheters and tubing
- Individually packaged
- Single use and disposable.

Catheter Trays

- Sterile
- Single use
- Disposable

Canisters, Suction

- Offer a significantly higher flow rate than other filtered canisters
- Effectively prevents contamination of vacuum equipment
- Features self-sealing lid, mechanical shutoff valve.

Catheters

- Pliable catheter with a firm tip eases insertion
- Features large, smooth eyes for maximum comfort and drainage and symmetrical balloon for added reliability

- Silicone material causes less tissue irritation and encrustation during extended periods of indwelling use
- Available with 10 ml or 30 ml balloon in 12, 14, 16, 18, 20, 22 and 24 Fr sizes; and also available with 1.5 ml or 3 ml balloon in 6, 8 and 10 Fr sizes
- 2-way Foley; sterile

Catheters, Suction

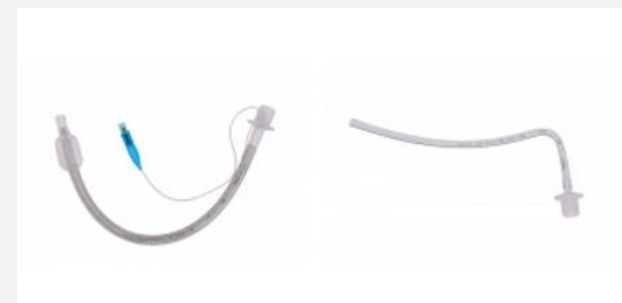

- Oropharyngeal suction catheter is used for a deeper suctioning above the cuff
- Used mostly for vented patients

Collectors, Urine

- Designed to make the urine collection process easier for little patients and caregivers alike.
- Adhesive surface holds securely, removes easily and then folds to form a spill-proof specimen transport container.
- Available in sterile and non-sterile

Endotracheal Tubes

- Manufactured with strong tube walls to ensure the proper ventilation for all patients.
- Features include bull-nose tips, split-resistant radiopaque lines, smooth Murphy eyes and kink-resistant thermosensitive tubes.
- Cuffed or Uncuffed

Masks, Anesthesia

- Soft inflatable cushion conforms to the patient's anatomical contour
- Cushion inflation can be adjusted for clinical preference
- Clear face piece allows visual observation of patient status
- The hooks are color coded to provide mask size identification

Masks, Oxygen

- Flexible aluminum strip provides smooth fit over nose
- 7' Oxygen Tubing
- Not made with natural rubber latex
- Non-Sterile
- Single use

Nasal Cannula

- Includes oxygen tubing
- Anatomic soft design
- Adult
- Non-sterile
- Single use

Oxygen Tubing

- Vinyl
- Non-Sterile
- Single use

Tracheostomy Tube Holders

- These holders keep tracheostomy tubes securely in place.
- Soft strap features adjustable hook-and-loop closure.
- Comfortable foam laminate with elastic adjustment provides a snug fit while accommodating coughing.
- Helps prevent sliding, patient irritation and soiling of the neckband.

Tubes, Suction

- Sterile obturator to help clear obstructions
- Control vent for continuous or intermittent suctioning
- Ergonomic handle for improved grip and ease of use
- Universal connector easily connects to many different sizes of suction tubing
- 8, 10 or 12 Fr
- Latex Free.

Surgical Supplies

Abdominal Binders

- Provides stability and compression following abdominal procedures that include, but are not limited to, abdominal or flank liposuction and abdominoplasty
- Breathable
- Hook fasteners for adjustable compression
- Easy to open for inspection of the surgical site
- Holds dressing in place without tape

Band Bags

- Latex free
- Elastic openings
- Available in different sizes

Covers, Equipment

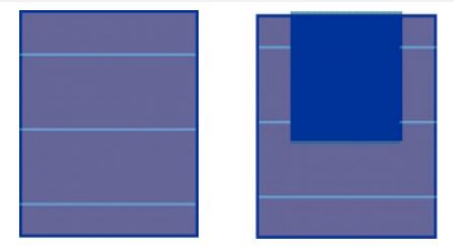

- Help provide durability and value, while protecting against dust and contamination
- Clear

Covers, Table

- ✧ Mayo Stand Cover
 - Mayo Stand Cover helps ease the application of OR accessories
- ✧ Back Table Cover
 - Puncture Resistant, reinforces fabric across the entire surface designed for use with light to mid-weight trays and instruments.
 - Lower linting - to reduce risk of wound contamination.
 - Flexible, drapable fabric in a choice of sizes to make setup quick and easy.

Drapes, Surgical

- Offers an extensive surgical drape line.
- Our standard drape collection features a top-of-the-line SMS fabric, composed of five strong fiber layers for exceptionally high barrier strength.
- Made of 100% polypropylene, SMS drapes are soft and drapeable.
- Composed with the latest generation SMS technology, Medline SMS drapes have smaller fibers and a more uniform fiber lay-down.

Laceration Trays

- Available in a variety of configurations, all include stain instruments

Lap Sponges

- Pre-washed and de-linted for problem-free use
- Not made with natural rubber latex
- Sterile

O.R. Towels

- Latex free and abide by stringent weight and size standards.
- Pre-washed and delinted.
- Made of highly absorbent 100% cotton.

Prep Razors

- One-side or double-side fixed-head razor
- Precision stainless steel blade for smooth shaving
- Sterile or non-sterile

Surgical Markers

- Accurate and reliable way to mark the incision site
- Contains prep-resistant, gentian violet ink
- Single use
- Sterile

Sponges, X-Ray

- Radiopaque
- Pre-washed and de-linted for problem-free use
- Not made with natural rubber latex
- Sterile

Surgical Scrub Brushes

- Help to achieve maximum cleaning with minimal skin irritation.
- Impregnated with PCMX Solution
- Nail cleaner included.

Wound Care

Abdominal Pads

- Non-woven outer fabric with inner cellulose tissue construction that helps provide maximum moisture barrier
- Hydrophobic back impedes strike through and all edges are sealed to prevent linting
- Faster wicking for drier wound sites
- Sterile

Adhesive Bandages

- Helps protect cuts and scrapes by conforming to skin with an absorbent, non-stick pad
- Sterile individual package help promote cleanliness and further protect against infection
- Single use
- ✧ Adhesive Bandages, Fabric
 - Flexible, durable fabric (Elastic/Heavy duty, Blue metal detectable...)
 - Stretchable for added comfort
 - Features comfortable fit, long-lasting adhesive
- ✧ Adhesive Bandages, Plastic (PE, PVC, PU...)
 - Breathable plastic
 - Not made with natural rubber latex

Alginate Dressing

- Rope – A primary dressing used for packing deep or undermined wounds
- Sheet – A primary dressing to be used on partial or full thickness wounds with moderate to heavy exudate
- Highly absorbent, these dressings easily conform to the wound cavity or tunnel
- Can be used to promote hemostasis when minor bleeding is present
- Sterile

Applicators, Cotton/Nylon/Rayon Tipped

- Wood shaft or plastic
- Single use
- Disposable / or Used for gynecologic preparation and examination

Balls, Cotton or Rayon

- ✧ Cotton Balls
 - 100% cotton
 - Soft absorbent

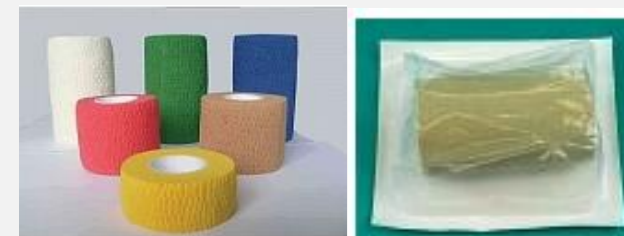

- Retains shape wet or dry
- ✧ Rayon Balls
 - Retains shape wet or dry
 - Soft, smooth and virtually lint-free
 - Non-sterile

Bandage Rolls

- Pre-washed 100% woven gauze
- Lofty and bulky for added cushioning and wound protection
- Single use

Bandages, Cohesive

- ✧ Cohesive Bandages
 - Self-adherent wraps provide compression and support to injured areas, or to secure dressings and devices.
 - Offers consistent compression and contains elastic with a cohesive material, making it stick only to itself.
 - Single use
- ✧ Cohesive Bandages – Latex Free
 - Self-adherent wraps provide compression and support to injured areas, or to secure dressings and devices.
 - Contains elastic with a cohesive material which allows the bandage to stick to itself but not to other materials or skin.
 - Tan
 - Single use

Bandages, Compression

- For the treatment of Chronic Venous Insufficiency
- Effective appropriate compression
- Extended wear time
- Absorbs drainage
- Efficient packaging
- Contraindicated for patients with severe arterial disease
- Multi-layer compression bandages may be left in place for up to 7 days
- Dressing change frequency will depend on amount of drainage
- Kit includes: Padding (4" x 3.8 yd, 10.2 cm x 3.5 m) unstretched; Light Conforming (4" x 3 yd, 10.2 cm x 2.7 m) unstretched; Compression (4" x 5 yd, 10.2 cm x 4.6 m) unstretched; Cohesive (4" x 3.2 yd, 10.2 cm x 2.9 m) unstretched; Medi-Strips

Bandages, Conforming Stretch

- Soft, low linting
- Absorbent
- Needs minimal taping
- Ideal for securing dressings, I.V.s, or splints, and for added support and cushioning
- Single use

Bandages, Elastic

- Hand washable
- Sterile & Non-Sterile/Clip closure
- Single patient use

Composite Dressings

✧ Barrier Island Dressing

- Absorbent vapor-permeable adhesive film dressing
- Offers the convenience of an all-in-one dressing by combining an absorbent non-adherent central pad surrounded by a breathable adhesive border, with an addition of a polyurethane film barrier
- This film is designed to provide an additional barrier to external contaminants, as well as an effective water barrier to permit showering and bathing
- These dressing could be used as either primary or secondary dressings
- Sterile
- Single use

✧ Island Dressing

- Offers the convenience of an all-in-one dressing by combining an absorbent non-adherent central pad surrounded by a breathable adhesive border
- These dressings could be used as either primary or secondary dressings
- Sterile
- Single use

Drain/Split Sponges

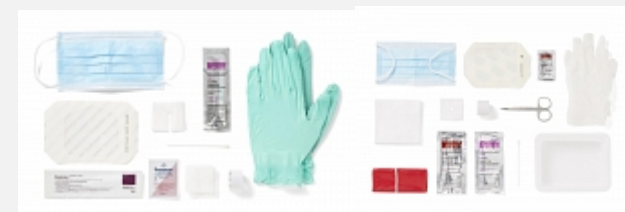

- Offers easy application around drains, chest tubes, catheters, tracheotomies, and I.V.s
- Non-woven
- Sterile
- Latex free
- Single use

Dressing Retention Tapes

- For flexibility and customized sizing.
- Low sensitivity adhesive, gentle for the patient
- Water resistant
- Non-Sterile

Dressing Trays

- Help reduce wasted time and materials.
- The risk of infection is minimized
- Sterile

Dressings, Foam

✧ Adhesive Foam Dressing

- This adhesive foam dressing with adhesive border has a thin foam backing designed to provide a barrier to external contamination with the addition of a thicker non-adhesive foam island in the center.

- This additional foam is designed to allow the dressing to handle greater amounts of exudate, while keeping the wound contact layer adhesive free
- Sterile
- Single use

✧ Hydrophilic Foam Dressing

- Non-adhesive
- Film-backed or non-film-backed
- Sterile
- Single use

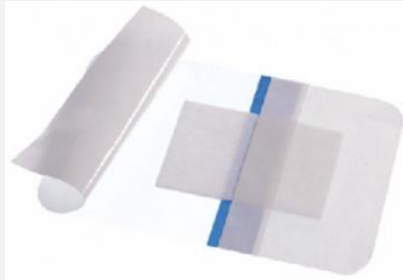

Dressings, Hydrocolloids

- ✧ Hydrocolloid Dressings-Film Backing
- ✧ Hydrocolloid Dressing-Foam Backing
- ✧ Hydrocolloid Dressing-Thin

New Pentastar Medical Co., Ltd.

Dressings, Island

- All-in-one sterile dressing with air-permeable soft cloth tape backing and unique non-adherent wound contact layer.
- Soft, nonwoven backing conforms around wound and seals on all four sides.
- Provides protection from external environment.
- Secure dressing for central and peripheral IV sights.

Dressings, Non-Adherent

- Superior Ouchless dressing won't disrupt healing tissue by sticking to wound.
- Ideal as a primary dressing for lightly draining wounds.
- Ideal take home dressing.

Dressings, Transparent Film

- Used to cover and secure I.V. sites
- Protect at-risk skin, or as a primary or secondary dressing over acute wounds, surgical sites, and chronic wounds.
- Available in a variety of sizes and shapes

E-mail: info@pentastarmed.com

www.pentastarmed.com

Eye Pads

- Constructed of a soft blend of polyethylene and rayon for maximum absorption
- Oval shape design protects the entire eye
- Single use

infected wounds, pressure injuries (stage 2-4), fistulas or abrasions

- Not made with natural rubber latex

Gauze/Non-Woven Sponges

- 100% cotton or Spunlace non-woven
- High-quality alternative to cotton gauze
- Appropriate for wound dressing, cleaning, prepping, and scrubbing
- Strong and durable
- Excellent absorption with virtually no linting
- Greater wicking properties than cotton gauze
- Single use

Island Dressing

- Convenient all-in-one dressing.
- Soft, non-woven backing conforms around wound and seals on all four sides.
- Available in a variety of sizes.

Gauze, Petrolatum

- An effective, non-adherent primary dressing that maintains a moist wound bed for autolytic healing
- Ideal for use on non-draining wounds including tube sites, stomas, skin grafts, circumcision, burns, umbilical bandage, non-

Pads, Non-Adherent

- Superior Ouchless dressing won't disrupt healing tissue by sticking to wound.
- Ideal as a primary dressing for lightly draining wounds.
- Ideal take home dressing.

Self-Adherent Wrap

- Self-adherent, cohesive wrap sticks to itself but not to skin, hair or dressings
- Can be applied to provide light compression if desired
- Pain free removal that will not damage fragile skin
- Comfortable, porous and lightweight construction encourages patient compliance
- Ideal for wrapping splints, gauze pads and dressings securement, compression wrap post blood draw, IV securement
- Each bandage is individually wrapped
- Not made with natural rubber latex

Strips, Wound Closure

- A wound closure strip with superior non-irritating adhesive coating.
- high breathability, reduces blistering
- Unequaled tensile strength, flexibility and conformability Primary dressing.

Tapes, Surgical

- Gently removes from skin/ Acrylic or hotmelt glue
- Silk/Nonwoven Paper/Transparent PE
- Non-sterile

Xeroform Gauze

- Petrolatum gauze with xeroform, a medicating and deodorizing agent with 3% Bismuth Tribromophenate.
- Occlusive non-adherent dressing contraindicated for draining wounds
- Sterile
- Not made with natural rubber latex
